

### Oh My, Where Did Summer Go?

We are currently experiencing nicer weather than we had for most of the summer! We would like to personally welcome you to our newsletter full of interesting information, new services and useful tid-bits. We invite you to contact us with any questions and feedback.

### BUILD & MAINTAIN YOUR OWN WEB SITE

We are very excited to announce our new build-it-yourself system allowing anyone with internet access to build their own company's site and also keep it up-to-date. It's simple. Choose from thousands of professionally designed templates, customize the look and feel of your site, add your company's logo etc. It's all setup in an easy to follow step-by-step process from start to finish. Build your site one page at a time, then launch and maintain it online. There is no software to buy or install and no training required. A perfect solution for those looking at getting started online without the expense of software and training. Contact us for more info or watch for more details to be posted on our web site.

### LARGE POSTERS, BANNERS, DECALS...

Wow, technology sure has come a long way in the past couple of years... especially in the poster/sign industry. We'd like to introduce our new service for printing large posters, trade show materials, banners, decals, vinyl graphics, floor graphics, vehicle graphics - all for outdoor or indoor use. This special printer/cutter can print directly on banner material, vinyl, photo paper, canvas etc. - the possibilities are truly endless! Contact us for more details and pricing.

## POINT OF PURCHASE & TRADE SHOW DISPLAYS

We now have a wide variety of banner display systems and POP displays available which are very easy to setup and very durable - plus the graphics can be changed at any time. We've also purchased a 10' wide x 8' high trade show display (pop-up) which comes in two carts and only takes minutes to setup and take-down. This display is available for rent - either on a per-day basis, weekends or longer term. Please contact us for more info and pricing.

## POPULAR WEB SITE & HOSTING ADD-ONS

Over the past couple of months we've put together some very useful web site updating tools, spam & virus filtering systems, secure credit card payment systems, photo gallery and online reservation systems. Our new **spam filter** is guaranteed to stop 98% of all unwanted spam email and email viruses. It's a system that gets updated on a daily basis and offers a great quarantine option - ensuring no emails will ever get lost. This system is \$40/year for the first email account and \$25/year for each additional account. Our **content management system** makes it simple to keep your web site content up-to-date. No software required - you simply log into the password protected system and make your changes using a very easy system. The cost for this system is \$60 (one-time) plus a \$35 training fee. Our **photo gallery** tool makes it simple to have the ability of displaying many photos (with descriptions) and gives you the control of adding/editing photos anytime you wish - straight from your digital camera or scanner. There is a one-time setup fee of \$120 for this tool. Would you like to accept credit card payment info quickly and securely through your existing site? Our **secure online orderform** system is designed to be used with an existing merchant account - giving you the ability to accept credit card orders securely. This system costs \$120 (setup fee), plus a yearly \$100 secure hosting fee. Running an accommodations business? Check out our **online reservation** system - allowing people to see what/when rooms are available and giving them the option of booking rooms directly online. Contact us for more details.

## NEW WEB SITE STATS SYSTEM

We now have a second web site stats system offering more details than the current webalizer stats. The new stats can be viewed by going to: [yourdomain.com/awstats](http://yourdomain.com/awstats)

## SEARCH ENGINE PROMOTION

Check out our different online promotion options to get your site listed on all popular search engines. Looking at promoting your web site to the local area? We now have many different cost effective methods - contact us for more.

## ANNUAL CHRISTMAS WEB HUNT CONTEST

We are once again preparing for our very popular "Christmas Web Hunt Contest". Last year's contest was a huge success with many entries and all the generous donations by our clients that participated in the contest. To participate in the contest we accept any product donation(s), gift certificates etc. Last year we received over \$2000 worth in prizes - which made the contest very attractive for people to enter - and enter they did. If you are interested in participating in this year's contest please let us know. Also check out: "www.have1.com/christmas" for info from the last contest.

## WEDDING INVITATIONS & GREETING CARDS

We have many different "stock" wedding and greeting card sample books available to browse through. We also can design custom wedding invitations or greeting cards... with Christmas just around the corner - let us design your cards.

## WEB SITE MAINTENANCE PACKAGES

Save money by pre-paying for your web site's updates. Keeping your site fresh and up-to-date will help in search engine rankings and get the most out of our online presence. All maintenance packages are based on either a 3, 6 or 12 month term contract. Unused hours will be banked from the previous month. This is helpful for companies whose busy season fluctuates. Any hours used above the allotted time will be billed out at our regular rate at the end of the term. If you have any questions regarding these new maintenance packages please check out our web site or contact us.

## HAVE1.COM TECH SUPPORT

We are always listening to suggestions in regards to offering a better way of handling tech support questions. We highly encourage any tech questions or support inquiries to be made by email to the address: "support@have1.com". If it's an emergency tech support inquire please call for an immediate response to your specific problem (during normal hours). We are also updating our "support" section on our web site by giving you answers to many common support related questions and the addition of helpful tutorials.

## WEB SITE REDESIGN SERVICES

When was the last time you've updated your company's web site? Let our creative team help you in bringing your site up-to-date and offering different ideas on how to target specific customers or give you the ability of making your own content changes at your leisure - talk to us today.

## HAVE1.COM STAFF PROFILES

We are pleased to introduce the HAVE1.COM team:

**Gabe Nowak - Owner/Operator:** Gabe has over 10 years of work experience in all aspects of the graphic design, printing and web site development industry. He's a graduate from Georgian College in Barrie. He is a perfectionist in many ways to ensure your project will get the proper attention. Gabe grew up on a farm in Grey County – however was born in Germany. Gabe has been married to Trina for over seven years. Trina owns her own business called 'Pets 4 Life' a manufacturer of natural pet food. Trina and Gabe own a black & white great dane, their "little" baby, called Tia (frequently mistaken for a large dalmatian).

**Neil Seeley - Office Manager:** studied art and illustration for four years at Sheridan College, training in both digital and traditional design techniques. Prior to working at HAVE1.COM, Neil worked in the highly technical garment printing industry designing artwork for children's shirts. His duties at HAVE1.COM include customer service and office and production management. His interest in drawing and painting inspired him to begin classical portrait paintings in oils last year and he has since completed several commissioned portraits. Neil has been married for six years and has two children, both boys.

**Rob Rix - Programmer/Developer:** is a self-taught designer and developer, with twelve years experience doing applications and systems programming and deep-seated artistic sensibilities to bring to bear on web design, development, and publishing, and technical administration. While his forte is the technical aspect, Rob also has several years experience with print media and logo design.

**Tim Woolner - Graphic Designer:** is a graduate of ICARI in Montreal. He specializes in designing print media such as business cards, brochures, posters and product signage. Tim has several years of experience in the field of Visual Communication including work in film and commercial photography.

**Part-time consultants:** We also utilize the help of a number of different individuals including Susan, Adam, Isaiah, Craig etc. on a part-time or per-job basis as necessary.

## PRINTING AND FINISHING SERVICES

If you're needing full colour or black and white business cards, postcards, brochures, labels, flyers printed - we can do it all. We also have many finishing options available - from lamination, stapling, coil binding and much more. As well, unique services such as plak-mounting and large posters / vinyl banner / sign printing are also now available! Check out our portfolio section on our web site featuring some of the different printed projects we've recently completed.
